Old Business

Discussion with Faciliator: Amy Sevell-Nelson

1. Clarify Purpose, Goals, Participants of **MAC** and **CAN** to inform: ‘
 - Who does what
 - Based on what - Have-To’s and/or Funding Mandates
2. Determine if this group wants to become **Mansfield Office of Early Childhood (MOEC)**, instead of CAN, serving children b-8 and their families
3. **MOEC** participants – If there is representation from all constituencies:
 - CAN
 - Success Learners
 - School Readiness
 - Montessori Schools
 - Family Home Care Childcare Providers
 - Center-based
 - Montessori
 - Public School Early EC DirectorsIf so:
 - Do we need to cap number of participants at meetings?
 - Do we need to create a more formal meeting structure (e.g. facilitator, minutes, etc.?)
4. Reinventing ourselves will require that we explore and develop the following:
 - How does the **MOEC** fit with or bump into **MAC** and **CAN**
 - Purpose – what do we want to accomplish through **MOEC**?

Prioritize that which emerged in our visioning session (October 28, 2013 CAN meeting), select to determine how to proceed.

Prioritizing can be based upon:

- Urgent
- Necessary
- Would be nice

5. Select 1, 2, or 3 priorities upon which to establish SMART Goals
